

# GUTIÉRREZ-HUBBELL HOUSE

## JANUARY 2019

Events are FREE but we ask that you please register!  
To register call: 505-314-0398 or online at:  
<https://www.bernco.gov/events.aspx>

### Backyard Farming Series

**Pruning and Tree Care**  
**Saturday, January 26, from 9 to 12:00**

Because trees are healthier and produce more foliage and fruit if correctly pruned, learn how to get the most from your trees with this workshop. Course work covers the selection and care of trees, pest and disease prevention, and propagation techniques. A visit to the heritage orchard offers a place to apply new knowledge to the property's fruit trees.

### History & Culture Series 2019

**Genizaro Identity and Continuance**  
**Presenter: Moises Gonzales**

**Sunday, January 27, 1 to 2:00**

The permanence of the Genizaro identity blurs the lines of distinction between Native and Hispanic frameworks of race and cultural affiliation. Moises Gonzales will discuss Genizaro identity as well as ritual cultural performances.

Moises is co-editor of a forthcoming anthology along with Dr. Enrique LaMadrid entitled *Genizaro Nation*. Moises is an Genizaro heir and Associate Professor of Urban Design in Community and Regional Planning at the School of Architecture and Planning at UNM.

*Buen Provecho!*

Refreshments are served after each History & Cultural Series Event

*Come visit us!*

### BYF: Landscape for Life Series:

This nationally recognized program covers the basics needed to plan and design your home garden landscape focusing on sustainability permaculture, wise use of limited natural resources.

Each workshop builds on information shared from previous classes and offers tools to assess your home landscape. Participants who attend all five sessions will receive a certificate and have a chance to win a free rain barrel and other giveaways.

All the workshops are from 9am to noon with an extended mentor hands-on project for interested participants who want practical experiences and do not mind getting their hands dirty.

**Saturday, Feb 2**  
**Sustainability of Home Gardens & Role of Soil**

**Saturday, Feb 9**  
**Successful Soil Practices & Role of Water**

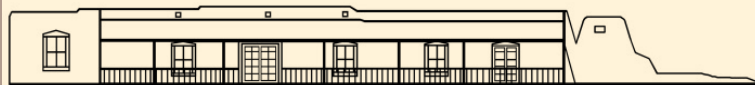

**Saturday, Feb 23**  
**Successful Water Practices & Role of Plants**

**Saturday, Mar 2**  
**Successful Plant Practices & Selecting Materials for Sustainability**

**Saturday, Mar 30**  
**Recycled & Natural Building Materials & Complete Garden Design**
